Address: Bapunagar - Ahmedabad, Gujarat

Work Experience

No any Work Experience

- I am a fresher with no formal work experience. However, I have gained hands-on experience through academic projects, coursework, and self-learning in Java programming, JSP, Servlets, and Hibernate.
- This my self-Learning allowed me to apply my theoretical knowledge in a practical setting, contributing to real- world project and collaborating with experienced developers.

Internship

Falcon Techno craft, Ahmedabad

Nov 2024 – Jan 2025

- I gained experience in building modern web application using Java Technology.
- This opportunity allowed me to build a web application using Java, Jsp, Servlet and MySQL for database. Also gain basic knowledge about html, css, JavaScript, bootstrap classes etc.
- Developed Full stack security webapp.

Academic Projects

Security Project for File Encryption and Decryption

Technologies Used: Java, JSP, Servlet, HTML, CSS, JavaScript

Role: Full-Stack Developer

- Developed and designed a responsive web application for file and image encryption and decryption.
- Implemented secure encryption algorithms to protect user files and image documents.
- Utilized Java, JSP, and Servlets for backend processing, ensuring smooth encryption and decryption operations.
- Designed an interactive and user-friendly interface using HTML, CSS, and JavaScript.

Personal Portfolio website | parv-portfolio
